Winter & Company as Preferred Consultants on Building Regulations

Interviews with prospective consultants were conducted at a Special Board meeting on January 29, but discussion of the candidates' responses was withheld until the Board's regular meeting on February 12. At that meeting, both resident and Board support favored selection of Winter & Company. The Board directed staff to begin contract negotiations with Nore Winter, the firm's principal and provide a final contract in time for the Board to act on it at its March 12 regular meeting.

Contract work is in order and, if approved by the Board, community workshops are tentatively scheduled to begin the week of April 16. Village residents are encouraged to read the article on page four about the Village listserve and how to subscribe. Once work is underway, progress reports and discussion items will be distributed on the listserve. The listserve will point residents to the Village website to view relevant documents and graphics as they become available and also meeting dates, times and agendas.

Art Show

The Building Facilities Commission will host the fourth Annual Art Exhibition at the Village Hall.

The Exhibition will open with a reception on Sunday, March 25 and will continue through Saturday, April 28, 2007.

See the enclosed flyer for additional information.

Fourth Annual Spring Cleaning Event

The last three years' Spring Cleaning events have been a huge success. The annual drive continues this year. The Public Works Department will again collect items throughout the Village on Wednesday, March 21, 2007. This year's drive will again benefit the organization AMVETS, which has supported active and veteran military personnel since 1947.

See the enclosed flyer for additional information. We look forward to another successful donation drive and hope this year's collection will be even better than the last!

Board of Managers' Meeting

A-1603 (a-f), 4 Oxford Street: Total of six trees located in the rear yard of the property—Approved.

Old Business: Building Regulations Consultants Discussion and Selection—The Board discussed the two candidate consultants, Winter & Company and Jakubiak & Associates, Inc., that were interviewed on January 29. The Board directed the Village Manager to negotiate the scope of work and a contract with Winter & Company for Board approval at its March 12 meeting. **Presentation on Photo Speed Cameras**—Chief Gordon outlined the photo speed enforcement program. Violators' pictures are sent to the vendor who checks the license plate through the various states' vehicle databases. If the records match, the information is sent to the Village to accept or reject a citation's issuance. Confirmation of acceptance or rejection is then transmitted back to the vendor whose staff then mails a written citation. Chief Gordon advised the law requires all monies collected from the program must be used for police and pedestrian safety. **Permit Parking Report**—Chief Gordon outlined the recent issues associated with permit parking within areas of the Village. The Board directed Counsel to draft a Resolution to eliminate the parking permit fee. A Public Hearing will be held on March 12 to discuss possible changes to the permit parking regulations. **New Business: Resolution No. 02-01-07—A Resolution to establish fees to be charged in connection with the searching for, preparing, and reproducing of public records pursuant to the Maryland Public Information Act**—Approved.

Spring Crime Prevention Tips

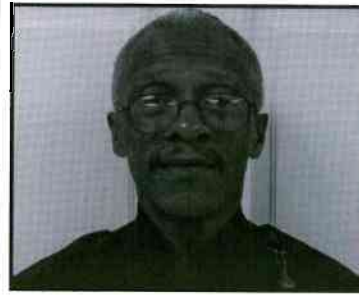

Spring arrives this month and Chief Gordon wants to give Village residents a few seasonal crime prevention tips. Many folks are inclined to leave doors and windows open with the arrival of warmer weather, which can be an invitation to crime. Residential burglaries often occur by thieves gaining entrance through unlocked or open windows or doors (including garage doors). Village police encourage residents when not at home or outside doing yard work to keep windows and doors locked and alarm systems activated.

Unlocked vehicles are easy targets for criminals. Do not leave anything of value in your parked vehicle. Vehicle alarm systems should be activated when you are not in the vehicle.

Spring showers and summer flowers also bring transient criminals to our area. Transient criminal groups routinely travel up and down the east coast and commit numerous crimes during this time of year. These groups live out of the State and are highly mobile. Their vehicles typically display out-of-state license plates. These criminals will enter homes when homeowners are out working in the back yard or they may ask the homeowner for a glass of water for their child. While distracting the homeowner by getting the glass of water, another member of the group will steal valuables, usually cash and jewelry, from inside the home. Often the theft is not immediately discovered.

Spring is also a time for home improvement scams. The elderly are usually targets for these scams. Typically, someone will knock on your door and claim they are in the area doing work and noticed that your home needs some attention. It may be a cracked driveway needing asphalt coating or a bad roof or damaged chimney. The work done by these folks is substandard and often times not needed at all. Sometimes pressure tactics are used to get the victim to accept the work and pay for it immediately. Homeowners should remain highly suspicious of unannounced "utilities inspectors" who want to gain access to your residence under the pretence of inspecting pipes for pinhole leaks or lead content or claim to be there to inspect other utilities inside your home.

The scams are not new to the law enforcement community but each year new victims are scammed. Residents are asked to contact the Village Police at (301) 654-7300 to report any suspicious activity or to report unusual people, vehicles, or activity in the neighborhood.

New Officer Joins the Village Police

Officer Steven L. Jones joined the Chevy Chase Village Police Department in February, 2007.

He has a Bachelor of Science degree in Behavioral Science with an emphasis in chemical dependency from National University. Steve is one class shy of having a Master's Degree in Criminal Justice from Coppin State and five classes shy of a second Master's Degree in Public Administration from So-Journer Douglass College. Officer Jones' other previous experience includes criminal investigator for the Bureau of Alcohol, Tobacco and Firearms.

In his spare time, Steve enjoys bowling, running and reading.

We welcome Steve to the Village!
